Surroundings & location

" Cala Figuera is probably the most beautiful fishing village in Mallorca. If you drive down the road up to the entrance of the port and turn left around the corner, you first have no extraordinary impression of a fishing port. After a few steps in the harbour entrance the visitor has a directly sight in or on the rock built fishermen's cottages, which partly can only be reached by equally steep stairs. The gates behind in a part of which you can find boat houses, are painted all in a single green is a colour with the starkly at odds white and Brown houses. The dock itself is arranged in a U shape, surrounded around of the boat houses and fishermen's cottages. One feels transported suddenly in a surreal movie set. Here, you can buy direct fresh fish. "
