Surroundings & location

Countryside Horse riding Fishing Culture

" Gently set along the west shore of Lake Iseo, here's Riva di Solto, a little gem nestled between the blue of the water and the green hills behind it, especially the latter cultivated with vines and olive groves. The climate and the natural environment have made it a privileged place of summer resort; those who come from Solto meets before its two fractions: Zorzino and Gargarino. These two pleasant places accompany the visitor who comes down the hairpin bends of the provincial, which were a tantalizing prelude that suggests a sequel even more agreeable. And once in the vicinity of the Lake here is in fact appear shore. Walking through the streets you perceive his past as a medieval village, dedicated to fishing and remained essentially intact in its structure. "
